

A note from Mrs. Astle

April 3-14, 2017

Fifth graders have been working diligently toward preparations for our Idaho Standard Achievement tests that begin this week.

This requires studying, continuous review, and a lot of practice throughout the year. However, some concepts may require extra studying and effort beyond the classroom activities and practice. Please encourage your child to complete classwork as well as homework and strive to perform their very best.

I'm asking students to wear their "I.S.A.T. boot camp" t-shirts on test day. Please wash afterward in cool water and hang to dry so it will not shrink. We're keeping our camouflage headbands and "dog tags" in the classroom for our test days. Please make sure that your children are well-rested the previous evening and that they get a high protein breakfast the morning of their tests.

5th Grade I.S.A.T. Schedule

April 5th: Math (Non-Performance)

April 11th: Math (Performance)

April 13th: English Language Arts/Reading & Writing (Non-Performance)

April 18th: English Language Arts/Reading & Writing (Performance)

April 19th: Science

Notes to parents & guardians

Please help your child get adequate rest the night before and a good protein-packed breakfast the morning of our I.S.A.T. tests. They will be more likely to focus and perform better.

Si usted tiene alguna pregunta, llame por favor, a la escuela al 544-2158. Gracias, Mrs. Astle, tanyaa@sd314.k12.id.us, 544-2158
